

## Retailer Exception- Ineligible Products Approved For Financing

The Retailer Agreement ("Agreement") executed with Universal Lenders LLC ("Universal") allows you ("Retailer") to finance only eligible protection products using the ZERO Plan®. Universal will make exceptions to the terms of the Agreement and finance ineligible protection products at Retailer's request, **providing the Retailer acknowledges** the potential liabilities that financing these products may incur.

## Non - Cancellable Protection Products

In the event of a customer default the Agreement calls for the Retailer to issue a pro rata refund of the retail price based on a 60 month term when a non-cancellable product is financed. Retailer will not receive any refund of the cost to install or sell this product which could result in a net loss in the event of a customer default.
