

The image features a dark blue car, likely a sedan, shown from a side-rear perspective. The car is set against a blurred cityscape at night, with lights from buildings and other vehicles visible in the background. The car's side mirror and door handle are prominent. Overlaid on the car and the background are several semi-transparent geometric shapes in shades of blue and white, creating a modern, layered effect. The text 'InteliSmart™' and 'Payment Protect' is positioned on the left side of the image, set against a solid dark blue background.
